

POOLMISER

The Poolmiser is the standard of the industry for auto-fill devices utilizing advanced float technology to maintain a pre-set water level in your pool.

- Comes with anti-siphon valve & built-in 1" overflow line.
- 3 1/2" deep ring for adjustments to thickness of decks
- Less time to install than ordinary fill and overflow lines
- No electrical hookups
- Prevents water level drop and overflow thus eliminates pump burn out, plastic discoloration, raised decks, and chemical loss.
- Eliminates complaints of leaks due to excessive evaporation
- Saves time and money for you and your customers
